Attention : Principal and/or Computer Science Teachers

Dear Sir or Madam :

The Trinidad and Tobago Computer Society (TTCS: <http://ttcsweb.org>) will be celebrating Software Freedom Day 2007 on September 15, 2007 from 1 to 6pm, at the offices of Hand Arnold (Trinidad) Limited, El Socorro Road Extension, El Socorro, San Juan.

See: <http://ttcsweb.org/handarnold-map> for a map of its location on Wikimapia.

Software Freedom Day is a global event dedicated to educating the public about of the benefits of using high quality Free and Open Source Software (FOSS) in education, in government, at home and in business, in short, everywhere!

You can learn more about FOSS at <http://ttcsweb.org/sfd#foss>

Admission is free and your institution will receive a free copy of Ubuntu Linux (<http://ubuntu.org>), a popular Linux-based operating system bundled with many applications and a free copy of the TTCS OSSWIN CD.

This CD is a collection of over 100 Free Open Source applications in the following categories: Desktop Applications, Educational, Games, Graphics, Internet, Server, Sound and Video and Utilities. This CD was compiled by and is maintained by the TTCS and works under the following versions of Microsoft Windows: 98SE, Me, 2000, XP and Vista.

You will have the opportunity to see demonstrations of and ask questions about the TTCS OSSWIN CD, Ubuntu Linux and other Free Open Source Software.

Please confirm via email to: admin@ttcsweb.org so we can prepare the CDs and documentation accordingly.

For more information about the TTCS Software Freedom Day event, visit <http://ttcsweb.org/sfd>

The TTCS looks forward to your attendance.

Regards,

Dev Anand Teelucksingh
Director,
Trinidad and Tobago Computer Society, <http://www.ttcsweb.org/>
"networking local computer users!"
